

Code-Layout, Readability and Reusability

Date	29/09/2026
Team ID	UNM1425comiccraft
Project Name	comiccraft
Maximum Marks	5 Marks

Code-Layout, Readability and Reusability:

This document evaluates the quality of the codebase in terms of its structure, readability, and reusability. Well-organized code with proper naming conventions, comments, and modular design ensures that the project is maintainable and can be extended or reused in future development.

Code Layout Checklist:

S.No	Code Quality Parameter	Description	Followed (Yes / No / Partial)	Remarks
1	Consistent Indentation	Uniform spacing/tabs used throughout the code	Yes	Uniform indentation in all Python and HTML files
2	Proper File Structure	Files and folders are logically organized	Yes	Separate app, templates and static folders
3	Meaningful Variable Names	Variables reflect their purpose clearly	Yes	Names reflect purpose (layout, panel, story)
4	Function / Method Names	Functions are descriptively named	Yes	generate_outline, generate_story, generate_image, save_pdf
5	Code Comments	Inline and block comments explain logic	Yes	Key functions and routes are commented
6	Modular Design	Code is split into reusable functions/modules	Yes	One module per task: outline, story, image, layout, PDF
7	No Redundant Code	Duplicate or unused code is removed	Yes	Shared logic kept in reusable functions
8	Error Handling	Exceptions and errors are handled gracefully	Yes	HTTPException and try-except used in routes

Reusable Components / Modules:

S.No	Component / Module Name	Language / Technology	Where Reused	Reusability Level (High / Medium / Low)
1	gemini_flash.py (generate_outline)	Python, Gemini Flash	/generate and /generate-comic/json	High

2	gemini_pro.py (generate_story)	Python, Gemini Pro	/generate and /generate-comic/json	High
3	image_generator.py (generate_image)	Python, Stable Diffusion	/generate, /generate-comic/json, /test-image	High
4	layout_builder.py and exporters.py	Python, FPDF	/generate and /generate-comic/json	Medium

Overall Code Quality Assessment:

Aspect	Rating (1-5)	Comments
Code Layout & Structure	5	Separate modules, templates and static folders keep the structure clear.
Readability	4	Descriptive function names and consistent formatting throughout.
Reusability	4	Outline, story, image, layout and PDF modules are shared by the form and JSON routes.
Documentation / Comments	4	Key functions are commented and the setup steps are documented.
Overall Score	4.25	Well-structured, readable and easy to extend or reuse.
